

TECH SPECS

VB-6RND 6" Round Series Valve Boxes

Primary Application

Protects in-ground irrigation valves. Also functions as a durable, rigid enclosure that provides easy access to valves for maintenance. Used in turf applications to house single valves or other subsurface components of an irrigation system.

Features

- Two pre-molded side openings accommodate up to 2" diameter pipe.
- Corrugated sides provide strength.
- Beveled lid edges help prevent damage to lids from lawn equipment.
- Lid snaps securely into place.
- Lid can be removed by inserting a finger or screwdriver in one of four access slots.
- Available in green body and green lid only.

Specifications

VB-6RND SERIES

Valve boxes shall be used as durable, rigid enclosures for valves or other irrigation system components requiring subsurface protection for installation or maintenance. The valve box shall be made of HDPE resin that is resistant to UV light, weather, moisture, and chemical action of soils.

The body shall have two openings molded into the sides.

The valve box shall have corrugated sides.

Lids shall have beveled edges to prevent or minimize potential damage from lawn equipment.

The valve box shall be manufactured by Rain Bird Corporation, Glendora, California.
