

# LANDSCAPE & TURF TECHLINE® CV

## SUBSURFACE OR ON-SURFACE DRIPPERLINE

Combines the best of Techline and adds a Check Valve (CV). The most important breakthrough in low-volume irrigation since the introduction of drip.

### Applications

- Subsurface or on-surface installations
- Slopes
- Curved, angular or narrow planting areas
- High traffic/high liability areas
- Areas subject to vandalism
- High wind areas
- Turf, shrubs, trees, flowers
- At-grade windows
- Sports turf
- Tennis courts

### Specifications

- Broadest choice of dripper flow rates: 0.26, 0.4, 0.6 and 0.9 GPH
- Dripper spacings: 12", 18" and 24"
- Pressure compensation range: 14.7 to 70 psi (stainless steel clamps recommended above 50 psi)
- Maximum recommended system pressure: 50 psi
- Minimum pressure required: 14.7 psi
- Tubing diameter: 0.66" OD; 0.56" ID
- Coil lengths: 100', 250', 1,000'
- Recommended filtration: 120 mesh

### Features/Benefits

- Each dripper has a 2 psi Check Valve - all drippers turn on and off at the same time
  - Minimizes water loss
  - Holds back up to 4 1/2' of water (elevation change)
  - No low drainage, great on slopes
  - More precise watering
- Built-in physical root barrier - drippers are protected from root intrusion without chemical reliance
- Pressure compensation - all drippers deliver equal flow
- Unique flow path - Turbonet technology allows more control of water flow and less chance for clogging
- Continuous self-flushing dripper design - flushes debris, as it is detected - throughout operation, not just at the beginning or end of a cycle and ensures uninterrupted dripper operation
- Extremely large filter area - provides uninterrupted water flow
- Single hole dripper outlet from tubing
  - Better protection against root intrusion
  - Allows the dripperline to be used in subsurface applications without chemical protection
- Easy to design in slope & berm applications - water does not drain out of low drippers
- No air/vacuum relief valves required - installations are faster and less expensive
- Techline compatible
- Techfilter compatible - provides a limited lifetime warranty against root intrusion
